

Housing for Homeless Persons & Families

Housing support is a fundamental stepping stone for homeless individuals and families to begin the psychological and emotional recovery needed to initialize a promising future in their lives.

Our goal aims at recovery and self-support. We believe providing homeless victims with a safe and adequate environment plays a significant role in their recovery. A Safe Harbor Home, Inc. helps these individuals and/or families establish safe permanent housing in which to rebuild their lives. Through this program, victims benefit from housing financial assistance, access to counseling services, vocational training and life skills that support independent living.

Supportive services provided by A Safe Harbor Home, Inc. are available for 6 to 24 months based on individual needs.
